

Honor Your Loved Ones This Holiday Season

During the Christmas season, our thoughts turn to those we love - our family and friends who celebrate the joy of the season with us; and those who are no longer here but whose memory burns brightly in our hearts.

We invite you and your family to honor your loved one this season by participating in the Loving Tree Project. Through your generous donation, you will receive a personalized ornament in memory of those you cherish. The ornament helps to embrace loss and provides a keepsake for years to come. These ornaments will decorate the Loving Tree in the Town Center at Sioux Center Health throughout the holiday season.

The physical, spiritual, and emotional care from the entire hospice team is what meant the most to the Byl Family. Hospice wasn't there to help John and Carol pass, but they were there to help them live.

"Our hospice story began about Christmas last year with our mother, Carol Byl, who was in advanced stages of Alzheimer's. Hospice for us meant our dear, sweet mother could remain in her familiar surroundings and continue with the best possible care for her.

We wanted quality of life for what time we had left in this world with her. The whole hospice staff was wonderful. Audra, the music therapist was so amazing as well. She touched all our hurting hearts & made such a difference for us all. Mom went to her heavenly home on January 13, with her husband & family around her.

In February, we again looked to hospice for our dear father, John Byl. He fought a courageous battle with cancer for almost three years. It was such a blessing for us that dad could stay in his familiar surroundings and the hospice team could support his physical, spiritual & emotional care during his last days here on earth. Surrounded by his family, John went to his heavenly home March 21.

We are so grateful & thankful for the amazing care John and Carol both received from the Sioux Center Hospice team. They gave us peace of mind in some of the hardest hours."
